### WORKTOPS

Made of 30 mm thick particleboards in rectangular or shaped form, faced with wax-finish melamine, available in croach mahogany and cherrywood colours. 2mm-thick matching colour PVC surrounds. The workdesks are fitted to the support panels with knock-down fittings for easier and unlimited disassembly and re-assembly.

### DESK SUPPORT PANELS AND SIDES

30mm-thick particleboards faced in melamine are used for legs and 18mm-thick for the front modesty panel which always comes as a standard feature. All are finished off with matching PVC edgings. Support panels are fitted with plastic height adjusters for possible floor abnormalities.

### MODESTY PANELS FOR DESKS

Available in wood or in metal. The wooden one is made of 18 mm thick melamine-faced chipboard in matching colour with the desk top with PVC edging.

The metal one is in perforated design. Both types of the modesty panels are fitted directly on the under-side of the main desk top through special brackets.

### STORAGE UNITS

- The carcass structure is made of 18 mm thick particleboards faced with wax-finish melamine.
- Four foot height-adjusters are available for each cabinet in order to compensate for possible floor abnormalities.
- The doors are made of 18 mm thick particleboards faced with wax-finish melamine. They are edged with 2,1mm-thick PVC edgebanding material to match the surface.
- All shelves are adjustable ones at increments of 32mm and carry a thickness of 30mm.
- The glass doors are available with clear, frosted or tinted glass finish and come in 3 versions: the first version comes without a frame. The second version comes with a slim aluminum-look frame and the third one comes with a melamine wood-frame available in the standard melamine colour card to match the carcass panels surface.
- All doors come as standard without a lock but a 2-key lock is available upon request.
- Door handles are available in black or silver finish in plastic or metal material

### KD FITTINGS

All connections are carried through a 4-part metal KD fitting. Metal inserts are permanently inserted in the core of the particleboard enabling easier and unlimited easier and unlimited disassembly and re-assembly.

### DRAWER UNITS

- The carcass structure is made of 18 mm thick particleboards faced with wax-finish melamine.
- The carcass panels are edged with 0,4mm-thick PVC edgebanding material to match the surface.
- The drawer fronts are made of 18 mm thick particleboards faced with wax-finish melamine and are available in the standard melamine colour card. They are edged with 2,1mm-thick PVC edgebanding material to match the surface.
- The wood drawers feature a central lock with 2 keys. A master-key is available upon request at an extra cost.
- The runners are made of metal with nylon bearings complete with mechanical extraction stops and self-closing mechanism.
- The drawer units have black nylon double-action heavy-duty castors.
